

Model  
Disability Admission and Referral Policy

It is the policy of (insert name of program) to provide alcohol and other drug prevention, treatment and/or recovery services to individuals with disabilities who meet our normal admission criteria and consistent with the program design and staffing capabilities. Reasonable accommodations will be provided for clients who have a physical, sensory or cognitive disability based on an assessment of their functional limitations and a discussion of possible disability accommodations with the individual and/or the individual's designated advocate.

Program participants will not be excluded from our program because they take appropriately prescribed medications for disability related conditions.

In the event (insert name of program) is unable to accommodate an individual because of a physical, sensory or cognitive disability he/she will be given a referral to appropriate services and will be assisted in pursuing such referrals upon request.

(Insert name of program) may request the assistance of the (insert county name) County Alcohol and Drug Programs Disability Access Coordinator and/or the California Alcohol, Drug and Disability Technical Assistance Project.
